- ☐ Smart worker

## Major Project Undertaken

### **[My portfolio](#)** *(Click to visit Project)*

Developed a personal portfolio website to showcase my skills, projects, and achievements. The website features a clean, responsive design with interactive elements, highlighting my expertise in web development

### **[SangrurBus](#)**

Developed a bus timetable website that displays data in a sorted format, providing users with an organized view of bus schedules. Utilized HTML, CSS, and JavaScript to build a responsive, user-friendly interface and smooth

### **[Check Weather](#)**

Developed a dynamic weather-checking website using JavaScript, HTML, and CSS. The site features a responsive design and integrates with a weather API to fetch real-time data. Its main functionality includes automatically detecting the user's current location using the Geolocation API and displaying accurate weather

### **[CurrencyConvertor](#)**

Developed a dynamic currency converter using React that integrates real-time exchange rate data through an external API. The website offers a user-friendly interface and includes a feature to swap currencies

### **[Ecommerce Store](#)**

I developed a dynamic E-commerce website using React that integrates product data from a custom-built API. using ContextStore . The website offers a user-friendly interface and includes a feature to add products to the wishlist and Cart . The app also stores all data to localStorage, ensuring that cart and wishlist items persist even after page reloads.

## Awards and Achievements

- ☐ CR in BCA
- ☐ Received Academic rewards by the faculty members of the college.
- ☐ Received Awards in various Sports Events in my School.
- ☐ Received Awards in Cultural Activities in my School.
